

GENUIN HAS OFFICIALLY BEEN PRESENTED BY MINISTRY OF AGRICULTURE

With great pride we saw our #startup Genuin to be presented from the Ministry of Agriculture and the Deputy Ministry of Research, Innovation and Digital Policy as a digital communication portal that connects the Cypriot producer directly to the consumer. We have seen Genuin transform from an #IDEA to an active #ΕΠΙΧΕΙΡΗΣΗ, to a point that is now included in the digital strategy of the State, and also serve a vulnerable economic sector of the country.

This is the actual reward for us!
